

THE WORLD'S NO.1 STAIRWAY EVACUATION CHAIR

PRODUCT DATA SHEET

EVAC SLED

ENABLES CARERS TO SAFELY
EVACUATE THE MOBILITY IMPAIRED
IN AN EMERGENCY

↓ DESCENT → HORIZONTAL

Designed for quick and easy use, the **EVAC+SLED** allows ONE person to safely transport another in emergencies, such as fires, tornadoes, hurricanes, acts of violence and more. It easily moves over ANY surface, across floors, and down stairs. The **EVAC+SLED** is the ONLY transport sled that easily adapts to the passenger's size (one size fits ALL). Its soft-absorbing head pillow reduces head movement going down stairs. Featuring long towing straps at the head and feet for easy maneuvering, the **EVAC+SLED** can be used in office buildings, theatres, libraries, hospitals, schools and many other facilities.

For over 40 years EVAC+CHAIR® is America's Original and World's Number One Selling evacuation chair. Don't risk lives, beware of poor imitations and inferior substitutions. There is only one EVAC+CHAIR®.

Unsurpassed quality and workmanship, Successful in saving lives in 9/11, EXCLUSIVE LIFETIME WARRANTY.

EVAC+CHAIR®

THE WORLD'S NO.1 STAIRWAY EVACUATION CHAIR SINCE 1982

EVAC+SLED FEATURES

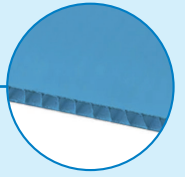

ADJUSTABLE PILLOW

For added head protection and allowing to fit persons of varying heights

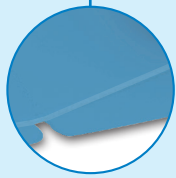

GLIDE-ABLE PLASTIC BOARD

Corrugated plastic board allows for excellent heat insulation preventing injury, plus removing the necessity to unroll every few months to prevent the plastic keeping its shape

ANGLED SIDE BOARD FLAPS

Insures the body is kept in place and offering protection when transported around doorways etc.

SECURED PATIENT SAFETY STRAPS

For increased passenger safety and comfort

LONG PULLING STRAPS

Located at both head and feet to allow for multiple users
